

PRABIR PADHY

Software Engineering Lead · AWS Certified Solutions Architect

+91-9483207656 prabir.sain@gmail.com [LinkedIn](#) [GitHub](#) Bengaluru, Karnataka, India

SUMMARY

Software engineering leader and backend architect with 14+ years of experience designing distributed systems, event-driven platforms, and cloud-native microservices. AWS Certified Solutions Architect with a proven record of technical leadership across retail, healthcare, aerospace, and agriculture—driving architecture reviews, security implementations, CI/CD maturity, and team mentorship while reducing delivery time and operational cost.

SKILLS

Architecture & Platforms: Distributed Systems · Microservices · Event-Driven Architecture · Domain-Driven Design (DDD) · Kubernetes · Docker

Languages & Frameworks: Java · JavaScript · Spring Boot · Node.js · React · Redux · GraphQL

Cloud & DevOps: AWS (S3, Cognito, CloudWatch) · Azure · Jenkins · CI/CD · OAuth2 / Security

Data & Observability: PostgreSQL · MongoDB · SQL · Splunk · New Relic · Grafana

EXPERIENCE

Technical Lead, Engineering Lead

May 2025 – Present

Cargill

Bengaluru, India

- Lead engineering initiatives for enterprise data and technology platforms.
- Drive architecture decisions, technical standards, and cross-team collaboration.

SDE3

Aug 2024 – May 2025

Tesco — *Smart Delivery System*

Bengaluru, India

- Led architecture reviews and technical guidance for an event-driven last-mile delivery platform.
- Reduced IT expenses by 15% while maintaining service levels; implemented cybersecurity strategy.
- Ensured operational resilience and production support for distributed microservices.

Software Engineering Lead

Jul 2023 – Aug 2024

Cardinal Health — *Outcomes One MTM*

Bengaluru, India

- Designed scalable architectures for enterprise metadata configuration portal.
- Implemented OAuth2 security, CI/CD enhancements, and fault-tolerant microservices.
- Reduced project delivery time by 30% through Agile practices; mentored teams via code reviews.

Software Technical Engineering Lead

Oct 2022 – Jul 2023

Cardinal Health

Bengaluru, India

- Continued technical leadership following merger & acquisition with Transaction Data Systems.

Software Engineering Lead

Jul 2020 – Oct 2022

Cargill — *Digital Experience Platform*

Bengaluru, India

- Built cloud platform components using AWS S3, CloudWatch, Kafka, Docker, and Kubernetes.
- Developed custom Material UI library; implemented AWS Cognito IDP chaining in microservices.
- Reduced production downtime by 25% through S3 performance improvements.

Senior Software Engineer

GE Aerospace — *Flight Phase Analyser*

May 2016 – Jul 2020

Bengaluru, India

- Contributed to cloud solution adopted by 130+ airline customers.
- Built Angular front-end and Node.js/Spring Boot services on Predix Cloud with OAuth2 security.
- Executed blue-green deployments for zero-downtime enterprise releases.

Senior System Engineer

Infosys — *Apple Online Store*

Jan 2015 – Apr 2016

Bengaluru, India

- Designed enhancements and Payment Simulator for Apple Online Store development lifecycle.

Software Developer

IBM India — *Blue Harmony*

Jan 2012 – Jan 2015

Bengaluru, India

- Implemented RESTful APIs and Java backend modules; delivered AngularJS UI components.

EDUCATION

Biju Patnaik University of Technology, Odisha

Bachelor of Technology (B.Tech), Electrical and Electronics Engineering · 2007 – 2011

CERTIFICATIONS

AWS Certified Solutions Architect (Amazon Web Services) · PCF Certified Developer (GE Digital, 2017)
